## Key Information about NMVTIS

- Since November 11, 2019, the RMV's system, ATLAS has been interfacing with NMVTIS which connects Massachusetts with the 48 participating states to help verify a vehicle's title.
- The main purpose of NMVTIS is to protect customers from fraud, unsafe vehicles, and from reselling stolen vehicles.
- NMVTIS responses can include that the vehicle has a brand on it in another state, has been in an accident, or is reported as stolen.
- The RMV now has a NMVTIS unit that must investigate when NMVTIS discrepancies occur during a transaction and follow up with any necessary actions.
  - To help ensure that the NMVTIS team only investigates true discrepancies it's vital to enter the information exactly as recorded on the vehicle's title.

 **If there is a discrepancy between the information you enter for the title and what is listed in NMVTIS, the new title will not be issued to the customer or lienholder until it is resolved.**
